

 Akfix®

966P

SUBFLOOR PU ADHESIVE

One can of 24 oz Akfix 966P can save you up to eight cartridges of 28 oz traditional adhesive.

Its unique structure allows foam to collapse and become high strength adhesive gel in seconds.

Forms bridges between gaps and voids.

Faster to apply; less gunning, less effort, less waste.

Exceeds ASTM D3498 shear strength test requirements.

*Applications of approximately
400 linear feet in 1/2" bead
